

Opening limiter OLDA 73 DS

73 DS – left hinged door assembly

73 DS – right hinged door assembly

Function:

A flexible door limiter which stops the door leaf at the desired opening angle, usually between 90 to 130 degrees.

Features:

By choosing sideways installation position (compared to the hinge) the OLDA 73 DS will limit the door leaf in the desired angle.

The plate for fixing has dimensions 130 x 30 x 5 mm and the arm (including stop) reaches 143 mm from the frame. The rubber stop has Ø30 mm and is placed 55 mm below the centre of the fixing plate.

Manufactured in powder coated (white and grey) or stainless steel. Other colours and patterns available by request.

Usage:

Fits both left and right hinged doors, by choosing direction of the stop at installation.

Mainly intended for inner doors with moderate forces applied.

Installation:

OLDA 73 DS is usually fitted on the top frame and is fixed with four round headed 5 x 40 mm screws.

Specification:

- Fixing plate:
 - width: 130 mm
 - height: 30 mm
 - thickness: 5 mm
- Arm: 143 mm reach from frame
- Rubber stop:
 - diameter: 30 mm
 - placement: 55 mm below the centre of the fixing plate
- Material:
 - powder coated steel:
 - white – RAL 9010
 - grey – RAL 9006
 - others – by request, see photo below
 - stainless steel

Complementary products:

To hold the door leaf open in a fixed position, use OLDA door fastener 77 DA in combination with opening limiter 73 DS.

Service:

Function tests are recommended once or twice a year. Test and clean as needed.

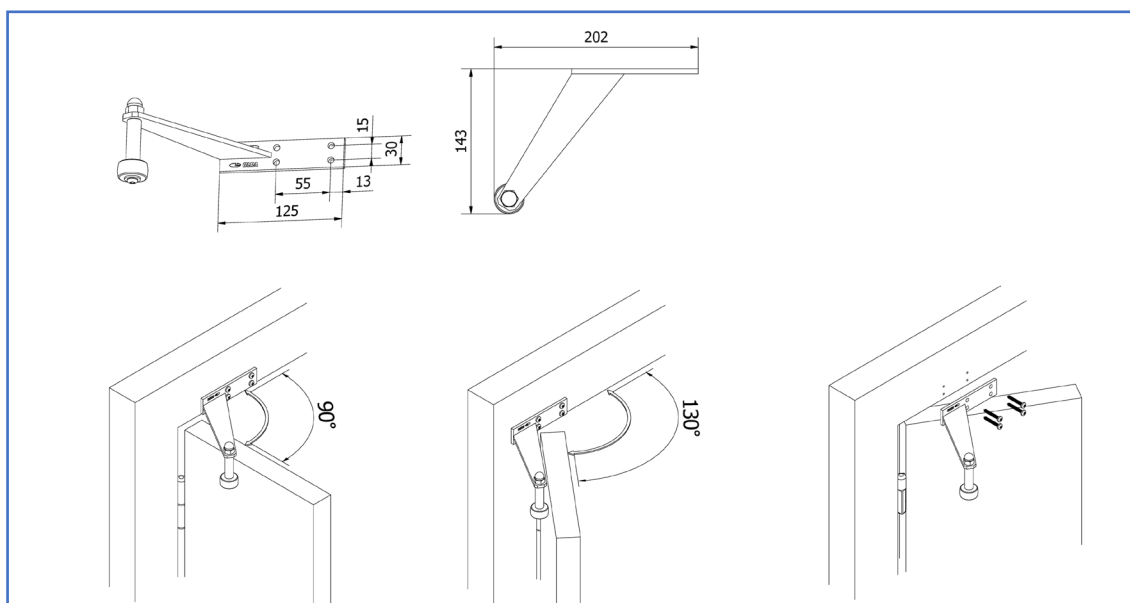

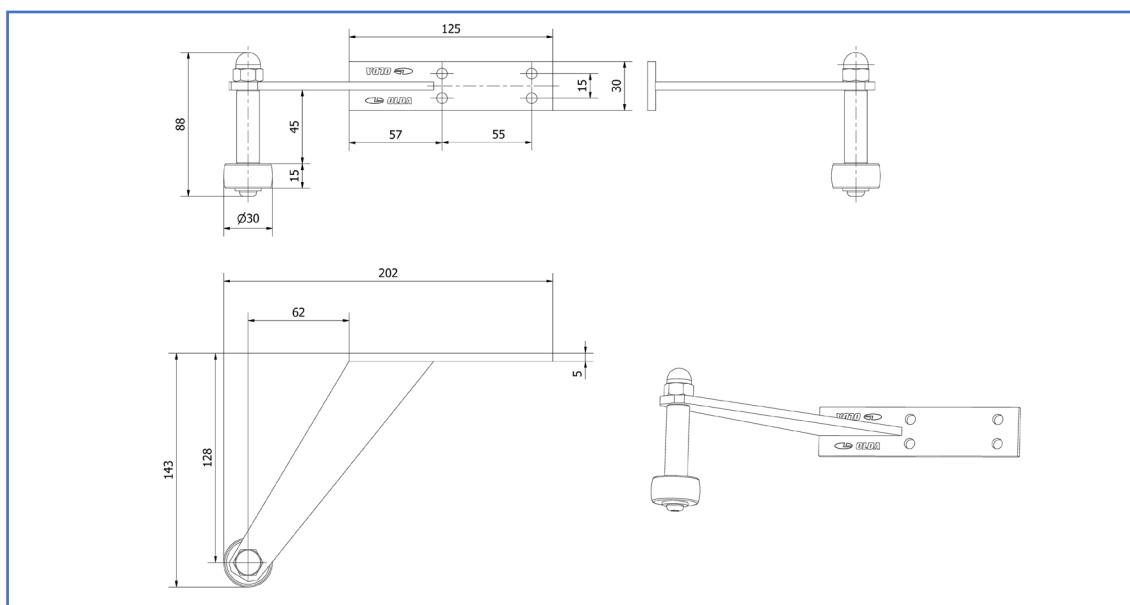

Warranty:

All mechanical “OLDA” branded products have a 36-month factory warranty.

Carbon fibre, leather, oak and marble
